Attachments: Feasibility Study Report EPA Marian Olsen edits with WSP status (2020-06-18).docx

Josh – Marian's comments have been incorporated. See attached file with status. The only outstanding issue is Marian's comments to the embedded table in Section 2.8. We may need to pull out the embedded table and make it a separate standalone. Rich is resolving.

Subject: RE: FS and Proposed Plan

Hi,

Attached are my comments on the draft FS with concentration on the risk based information and the summary Table of TBC/ARARs.

I will be out of the office in the morning and will check messages upon return in the afternoon.

Thanks.

Marian

Subject: FS and Proposed Plan

Hi Everyone,

For the next few weeks we will be moving very fast and I want to let everyone know where we are at with the proposed plan so that you can plan your review. Also, as a reminder, please submit your comments or suggested edits on the FS by Wednesday (6/17).

For reviewing the proposed plan, you all will be the first level reviewers, then it will go on to Chloe, ORC (Doug and Sarah), and Michael. Then it will go to HQ and the state for their review. Each review period will be very short and I hope to incorporate comments relatively quickly in order to stay on schedule for the ROD. So please bring up any significant issues immediately during your review and we can discuss. Also, I will share the online version of the document so everyone will be working/commenting on the same version.

The proposed plan is expected to be drafted by Monday or Tuesday next week. Much of the content will be pulled from the FS so it should not be new information. Please plan for a 4 day review period. I would like to turn it around and get it to the next set of reviewers by the end of next week or early the following week.

Let me know if you have any questions. Thank you for working with me and this crazy schedule.

Thanks,

Josh
